

# OIL PAINTERS OF AMERICA

2021 NATIONAL SALON SHOW | JUNE 10 THROUGH AUGUST 7

AT THE QUINLAN VISUAL ARTS CENTER

## KASEY PASSAIC

Raised in San Diego, where sketchbooks took preference over coloring books. Art has always been her escape, her release, and her passion. She studied architecture and entered the corporate world. Relocated to New Jersey and entered the restaurant world.

She is primarily a self-taught artist who began working with colored pencils, dabbled with acrylics but found her niche in oil painting. Her paintings are inspired by the vibrancy of nature, life's experiences and the potential of a blank canvas.

She has found that every painting is an experiment, some more creative, some more energetic, and some more mysterious until last brushstroke.
